Service, ETH Zürich

Roberta Sirovich
Department of Mathematics,
University of Turin

"Primer on Data Science" is a serie of summer schools organized by the curriculum Mathematics and Statistics for Life and Social Sciences of the Laurea Magistrale in Mathematics (Department of Mathematics, University of Trento), to the aim of introducing third year bachelor students and bachelor graduates to the topics of this curriculum.

The 2019 edition will focus on a gentle introduction to some aspects of **Uncertainty quantification and applications.**
